Dear Roger:

We have always enjoyed our many visits to your fishing camps where the fishing and relaxation cannot be matched. It was quite a surprize to see your recent upgrades; the dock, new room, deck and appliances.

You have a very good support staff. They show concern for our satisfaction; including the welcome handshake from Vincent and a warm greeting hug from Barb.

I know as a businessman the need to accommodate as many quests as possible. I apologize that we only showed up with two of us year, but I'm sorry to say, due to a sudden medical family problem, the other two could not leave home.

As you know last year we had six in our group. I am making plans for next year and thus far we have five in our group, (including three of my sons). At present, I will be making reservations for next year. We are requesting to reserve the East Cabin for the 2010 season; June 5th thru June 12th, 2010.

I am very excited to show my sons all the improvements you have made. Keep up the good work!

Sincerely yours,

Donald Nowicki

P.S. If you find my reservation request agreeable, e-mail me Beckes Opt @ AOL.com and the deposit will be forcoming.
