Objet : What a great time!!

I'm not sure who this'll reach but we dealt mainly with Roger, Michel and Vince during our booking and stay on the lake. I just wanted to take the time to say that our group of 20 guys who stayed there last week had an outstanding time. We caught plenty of walleye (although we were spoiled from the last trip up) and some really nice pike. The largest pike was about 40 inches and probably weighed around 15 pounds while the largest walleye was 27 inches although we have caught them on Half Moon larger than that before. We caught fish every single day and the night bite for eyes was great at times. My biggest compliment has to go out to Vince though. He couldn't have been more on top of things. He made sure we had everything we could have wanted and even somehow managed to find more beer when a few people ran out. He really made our stay on Lepage much more enjoyable. Heck, he even gave us his own fridge out of his cabin when ours stopped working. (which reminds me, don't forget to make sure him and Barbara get a new fridge, I don't think that rubbermaid container is gonna hold up ha ha). I also really appreciated the efforts that he and the others have taken to ensure the healthy walleye population on the lake. That will surely make it a great place to fish for years to come. The cabins were also great for such a remote lake and the setting was incredible. Overall we had a great time and I'm already mentioning you guys to those people who are asking about outfitters.

P.S. Say hi to lucky for me and make sure he stays away from those trucks.

Sincerely,
Eric Droege Jr.
